Development Programme (IRDP). Jawahar Rozgar Yojana (JRY) and Emplo vment Assurance Scheme (EAS). These programmes are reviewed regul ariy by the Central Level Cordi nation Committee. The State Level Coordination Committee and at the district level by the Governing Body of the District Rural Development Agencies. In addtition physical progress is monitored by the Ministry of Programme implementation.

The Ministr/ of Rural Development has rntioduces scheme of Area Officers under which a team of officers visit Slates and give first hand account of existing problems and progress with reference to these three and other schemes of the Ministry of Rural Development. The Scheme is in operation since 1993.

In addition . the Ministry of Rural Development undertakes periodic concurrent evaluations of their major programmes.

Several initiatives have been taken in both streamlining and enhancing the scope of different poverty alleviation programmes during the year 1993-94.

On the basis of the findings of evaluation studies as well as the constant feedback from the field, certain modifications have been made in the IRDP. Among the important steps taken in the recent past to make the programme more effective in achieving the objective of poverty alleviation are : (i) raising the level of investment per family; (ii) extension of family credit plan to 213 districts in the country during the current year and (iii) revision of infrastructural norms for improving the productivity of the IRDP projects. These measures are to be implemented through out the country including the State of Maharashtra.

Under the JRY funds flow to every district/village in the country. However, if. was recognised that the resources were thinly spread across the country. Hence, it was decided to intensify the JRY in selected backward districts where there was a concentration of the poor, unemployed and under employed. Accordingly the intensified JRY was lauched in 120 selected backward districts with substantial increase in the flow of funds to these districts. In addition, from 2 10.-1993 the EAS was launched in 1779 RPDS blocs to provide an assured wage employment of IOO days off casual manual work to all able bodied persons who were in need of and willing to work during the lean agricultural season. This was in response to an assessment that on an average only 15—25 days of employment per person per years was being generated under JRY.

While 16 districts of Maharashtra are covered under the I JRY, the EAS is being implemented in 114 RPDS blocks in Maharahstra.

(c) Does not arise.

Development scheme in Gujarat

822. SHRI RAJUBHAI A. PARMAR: Will the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to
